As a cybersecurity enthusiast with a solid foundation in computer science, I bring a unique blend of technical expertise and research-driven curiosity. My academic journey in cybersecurity and recent interests in AI and OSINT have strengthened my analytical abilities and deepened my understanding of machine learning applications. Passionate about advancing security through innovative solutions, I am dedicated to exploring advanced methodologies in malware detection, geolocation intelligence, and AI-driven threat analysis and LLM. I excel in collaborative and fast-paced environments, aiming to contribute meaningfully to the field through impactful research and cutting-edge developments.

## Education

**MACQUARIE UNIVERSITY**
Master of IT in Cybersecurity                                                          Feb 2024-Present
